Technical Bulletin

TB5000-054

Sheet: 1 of 1

5000 Bodymaker

Issue: 06. 07. 09

Coolant Solenoid Valve

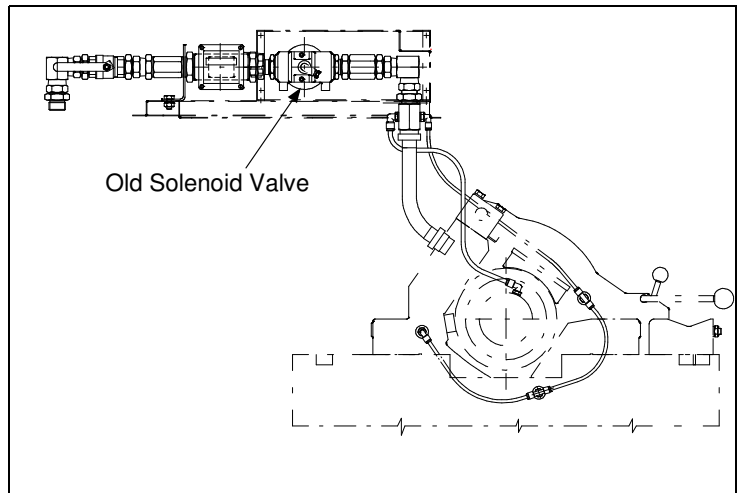

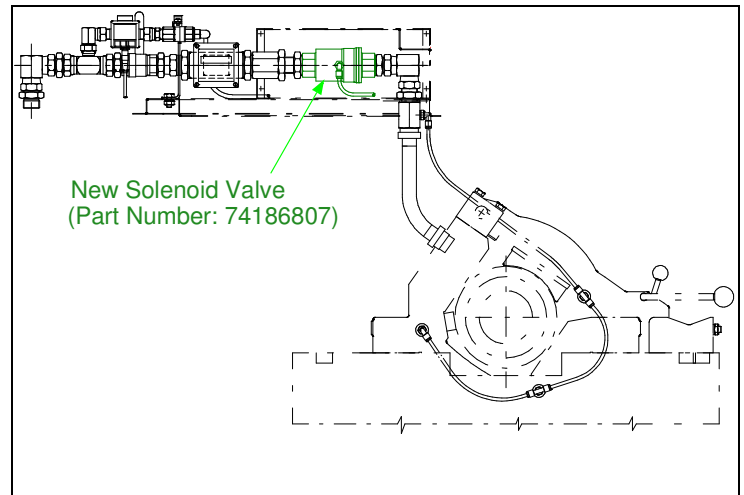

CATEGORY: Recommended at next maintenance

Summary: To ensure correct function and to tackle potential corrosion issues CarnaudMetalbox Engineering have, after working closely with various customers introduced a new Coolant Valve.

The new valve body and piston are made from Nickel plated Brass. The Seals, 'O' Rings and Gaskets are manufactured from Viton to combat a range of worldwide coolants. The internal components of the valve are of a more robust design giving significant improvement on working life.
