

ENGINEERING

INTEGRATED MANAGEMENT SYSTEM POLICY

*Carnaud Metalbox Engineering designs, manufactures high quality machinery for the can making industry, including servicing, training and the supply of spare parts. All of us at **Carnaud Metalbox Engineering** are proud to work together to achieve a profitable, sustainable and ethical business whilst maintaining the highest standards of health, safety, environment and quality in all our activities. The safe, secure and innovative performance of CMB is critical to everybody who works for the company, our customers, our community and ultimately the success of our business.*

We commit ourselves to:

- ✓ Preventing incidents, injuries, ill health, pollution, protecting the environment and minimising our environmental impact
- ✓ Striving for excellence in all we do
- ✓ Complying with all legal, regulatory, agreed stakeholder and accredited requirements
- ✓ Focus on adding value to the customer's business
- ✓ Promoting the health and wellbeing of our staff and providing an environment that makes coming to work both enjoyable and rewarding
- ✓ Continuous improvement of performance throughout our activities by setting objectives, targets, training and adopting consistent best practices
- ✓ Working in partnership responsibly with all stakeholders to ensure our policy and expectations are embedded in all our activities
- ✓ Providing suitable training for all staff
- ✓ Committed to the development of apprentices as an integral part of our future business
- ✓ Ensuring that there are suitable and sufficient resources to fulfil our aims
- ✓ Innovate our products and services, considering any risks, opportunities and implications
- ✓ Reviewing this policy regularly to ensure its continued suitability and ensuring that the content of this policy is communicated to all interested parties and understood within the company

A handwritten signature in blue ink, appearing to read 'AT', is written over the bottom right portion of the list of commitments.
